

New Tools, New Vision 2 Steering Committee 2nd Annual College Heights & College Park Holiday Project

Please join the NTNV2 Steering Committee and your neighbors to help bring relief and holiday cheer to a family in need this season!

The Liberty House is a domestic violence shelter housing abused women and children with programs to support and help victims recover and transition back into society on their own. Helping our friends and family live free from physical abuse is only part of the solution to the problem of domestic violence. This holiday, we want to heighten our community awareness on the issue and need to protect victim's rights.

Please select any item(s) on the Liberty House Wish List that you are willing to donate. Your gift and name will be acknowledged during the presentation!!
